## beverage

All of our venues share a seasonal Beverage List of Black Barn wines, a selection of beers, cider and non-alcoholic beverages. Spirits and any wines or beverages outside of our list can be sourced with ample notice. All beverages must be sourced by Black Barn Vineyards. No cash bar. \$4,000.00 minimum spend.

We do require our BBV staff to serve the beverages and are charged out at \$30.00 per hour. Their vast knowledge of the venue allows them to be on hand to offer any other professional help on the day. They also take the hassle out of running a function and allow you to enjoy the occasion with your guests.

## curfew and liquor licensing

The Marketplace is an outdoor venue with neighbours and Black Barn residents dotted around the valley. Due to noise constraints, we only take late lunch style reception weddings and parties. Guest departure from the Marketplace must be by 9.00pm.

## market season and amphitheatre concerts

Weddings can only be held during our Marketplace season from mid November and until mid April. The Saturday morning product market runs from the first weekend in December and until the last weekend of February. During this time weddings can only occur on Friday, Sundays, or weekdays. Outside of this time frame however, Saturday weddings can also occur.

We also run a busy and exciting events season in the amphitheatre (a stones throw from the Marketplace and Underground Cellar). Due to the nature of these large public events, the season is only ever announced annually from September onwards. Please ask us more about this.

## underground cellar

As part of the venue hire you will have access to the Underground Cellar. This can be used as a wet weather backup option, for your ceremony, or for your caterer. Ask us more about this.

## transport

The Black Barn Marketplace venue is located 5 minutes from Havelock North. There is ample parking at the venue. We require transport home at the end of the night for your guests to be organised in advance. This can be through pre booked taxi vans, or busses.

## a word on the weather

Hawke's Bay's weather is typically stable during the summer months, you can almost bank on sunshine and forecasting 7 days out is quite reliable. However, can we also say right here that bad weather does not equal a bad wedding. We understand everyone wants a sunny day for their function but please be assured some of the best weddings and functions we have held have been in average weather and even heavy<sup>SEP</sup> rain. There is a sense of 'pitching in' and pulling together that comes with bad weather so if the weather isn't looking good for your function - please don't assume it's a disaster. You just need to plan for it! Our strong recommendation with this site is to work with us on an agreed 'wet weather backup plan' and then as the day gets closer and if the weather is not looking good we can give this plan much more attention. Options we can look at are: a marquee cover for the arrival/ceremony/canapé area, an additional BBV venue for the sheltered ceremony. As good event planners always say - hope for the best and plan for the worst.

## Other considerations

We have a strict 'no fireworks' policy and ask that all confetti is biodegradable non-plastic, or dried floral. When hiring the marketplace, we do require you to have a marquee. The Boston Round from Flagship events is a circular tent which fits perfectly in the middle of the Market Round.

## event planning and management

All venue hire fees include an event planner and an event manager on the day of your event. We take the stress out of planning your wedding. We cover being there from initial point of contact and answering any questions you may have, to on-going consultations, the organisation of food and beverage, liaising with suppliers, and any special requests you may have. This also includes the set up and pack down of the wedding. An event manager will be on hand on the big day to oversee the running of your wedding and to provide any help necessary.
