It will be at your discretion to source entertainment styling and any other additional vendors you wish to utilise.

## Transport

The River Room is located at 1308 TukiTuki Road, 15 minutes from Havelock North. There is limited parking at the venue however, we strongly recommend using a local shuttle or bus service to transport guest to and from the venue to make everything a lot easier on the day.

## Event planning and management

All venue hire fee include event planning. We take the stress out of planning your function. We cover being there from initial point of contact and answering any questions you may have, to on-going consultation, the organisation of food and beverage, liaising with suppliers, and any special request you may have.

## A word on the weather

Hawke's Bay's weather is typically stable during the summer months, you can almost bank on sunshine and forecasting 7 days out is quite reliable. However, can we also say right here that bad weather does not equal a bad function - even in a marquee! We understand everyone wants a sunny day for their function but please be assured some of the best functions we have held have been in average weather and even heavy rain. Our strong recommendation with this site is to work with us on an agreed 'wet weather backup plan' and then as the day gets closer and if the weather is not looking good we can give this plan much more attention. As good event planners always say - hope for the best and plan for the worst.

## Accommodation

Black barn vineyards has some of New Zealand's most spectacular accommodation. There are 16 luxury retreats within our portfolio. Whether you want to be nestled amongst the vines, beside the river or by the beach we have an array of options for you to consider. The Riverside Lodges are your closest retreat and are a short stroll to or from the River Room. The Poplars are a short drive up the River.
